The Honorable William Webster

Dear Director Webster,

As the Reagan Administration nears the end of its superb record of accomplishments, I look back over the past seven years with mixed emotions, as I'm sure you do. I am proud of all we have achieved in implementing the Reagan Agenda, and yet, truly regret that there is so little time left and still so much to do.

The historic contributions of this administration to the peace and security of the entire free world could not have been accomplished without the able assistance of the talented leaders who make up all of our Executive Level appointees.

As President of the Reagan Administration Executive Level Presidential Appointees Organization for the past five years, it has been a privilege and honor to get to know and to work with our outstanding group of professional and political senior leadership.

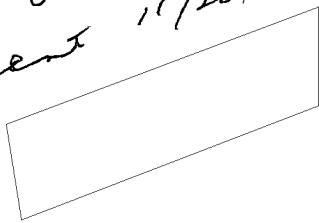

As we look to the future, I would very much like to have a token from the past as a source of continuing pride and inspiration. Therefore, would you kindly send me a photograph of yourself with a personal inscription, which I assure you will be proudly displayed on the wall of my office.

Many, many thanks.

With warmest regards,

James J. Carey
Vice Chairman
